Bagged	15 lb bags
Bulk	Totes of 600 to 700 lb
Shipping	On pallets, LTL or full truckload
Ships from	New Vienna and Columbus, Ohio
Samples	Up to 3 colors on request

FEATURES

- **Tested fall protection.** ASTM F1292 tested at 3 in depth for a 20 ft fall.
- **Non-toxic, virgin rubber.** 100% free of tires and recycled material. BPA-free, California Proposition 65 compliant.
- **Child safety.** Meets national child safety standards. Safe for children, pets and plants.
- **Color in the rubber.** No rub-off or residue on clothes.
- **Durable.** Lasts and performs well in the elements. Made in the USA.

Recommended for: Playgrounds, schools, daycares, parks, play pits, sensory play and backyard play areas.

Application: Install over landscape fabric at 3 inches deep, inside a border to hold it in place, then rake it level. Top up high-traffic spots as needed.

Colors: Sandstone, Driftwood, Natural Brown, Cool Black, Grassy Green, Pacific Teal, Deep Seaglass, Harbor Blue, Black Plum, Scarlet Red, Tuscany Gold, plus confetti blends.

Loose-fill surfacing needs regular maintenance. Rake it regularly to keep an even depth in critical areas, such as under swings and at slide exits. Test reports are available on request. Values shown are typical and may vary slightly between lots.
