PACKAGING

Sold by	The cubic yard
Form	Bulk
Ships from	Northern Illinois
Delivery	Bulk truck delivery; delivery area confirmed with your quote

FEATURES

- **Certified for play.** ASTM certified playground surfacing. Certification available on request.
- **Soft wood fiber.** A natural, cushioned surface underfoot.
- **Many uses.** Playgrounds, picnic areas, dog runs and walkways.
- **Bulk delivery.** Sold by the cubic yard and delivered by truck.

Recommended for: Playgrounds, schools, parks, daycares, picnic areas, dog runs and walkways.

Application: Spread over a well-drained base inside a border, then rake level. Plan for settling and top it up each season.

Loose-fill surfacing settles and scatters. Rake it regularly and top it up to keep full depth under swings and at slide exits. The ASTM certification is available on request. Values shown are typical and may vary slightly between lots.
