SPECIFICATIONS

Material	Screened athletic sand
Grain	Fine to medium
Uses	Sand volleyball courts and play areas

PACKAGING

Supply	Bulk truckloads
Ships from	New Jersey
Service area	Best value in the Mid-Atlantic; similar products sourced nationwide

FEATURES

- **Made for play.** Specially processed and screened for volleyball courts and play areas.
- **Comfortable footing.** Fine to medium grain for a court surface players can dig into.
- **Sized to your court.** Send your court size and depth and we work out the tons you need.

Recommended for: Sand volleyball courts at parks, schools, colleges and clubs, and sand play areas.

Application: Spread over a well-drained base inside a border and rake level. Top up and regrade each season as sand is lost.

Avoid creating and breathing dust during handling. A safety data sheet is available on request. Values shown are typical and may vary slightly between lots.
