Made in	USA

PACKAGING

Bag size	50 lb
Bags per pallet	56
Pallets per truckload	16 (896 bags)
Minimum order	None, priced per bag plus freight

FEATURES

- **Non-caustic.** Made from ground calcium carbonate, not hydrated lime, which can burn skin, eyes and turf.
- **Lays a solid line.** A fine, consistent grind flows through standard dry line markers without clumping or clogging.
- **Bright white.** High-contrast lines that read clearly against dirt and grass.
- **One powder, every field.** Baseball, softball, football, soccer and any other athletic field.
- **Buy what you need.** Single pallets or full truckloads.

Recommended for: Baseball, softball, football, soccer, parks and recreation, youth leagues.

Application: Apply with a dry line marker. We supply 35 lb, 50 lb and 100 lb all-steel models.

As with any mineral powder, avoid creating and breathing dust during application. A safety data sheet is available on request. Values shown are typical and may vary slightly between lots.

California Proposition 65 warning: this product can expose you to crystalline silica, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov.
